

Empowering Healers...

**transforming
lives.**

the “**H**  **A**R**T** of
Excellence” FUND

Because our community deserves the best we have to give!

At CCYSB, our heart is the core of everything we do, but expertise is the engine that drives true transformation. Every day, our doors open to a wide spectrum of our neighbors: adolescents navigating a complex world, adults seeking a path forward, and families fighting to stay together... and they deserve the highest level of care in return.

They don't just need a listening ear; they need breakthroughs.

This year's Give to the Cause directly fuels our 'Heart of Excellence' Fund, a dedicated initiative to provide our AMAZING frontline clinical staff with high-level, specialized training and mastery in the latest therapeutic innovations. By investing in our team's professional growth, you are bringing world-class clinical expertise directly into our community.

Your 100% tax-deductible gift ensures that when a veteran seeks peace, a family seeks stability, or a child enters our care needing the tools to overcome trauma and reclaim their future, they are met with the most advanced, cutting-edge expertise available today.

We have the heart — tonight, we ask you to provide the excellence.
